AttendanceRx®
TIME AND ATTENDANCE SOFTWARE

ATRxProxTime®
PROXIMITY TECHNOLOGY POWERED BY ATTENDANCE Rx SOFTWARE

MINIMUM SYSTEM REQUIREMENTS
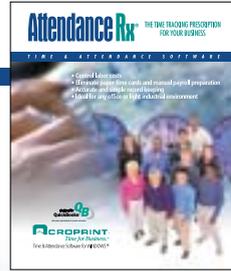

Acroprint introduces the new standard in affordable Time & Attendance Systems. Not only will you get accurate time records with Attendance Rx; you have the power to analyze that information as part of your personnel management program. This versatile software offers a wide range of management reports and will accommodate your holiday, overtime, shift and pay-period policies. This system eliminates the need for paper time cards and handwritten records.

Take control of your labor costs with Attendance Rx. Lost minutes could be costing you thousands of dollars per year. Based on 250 working days per year, the chart below shows actual time lost at the conservative rate of 20 minutes a day.

HOURLY RATE	COST PER MINUTE	NUMBER OF EMPLOYEES					
		2	5	10	25	50	100
$6.00	$0.1000	$1,000	$2,500	$5,000	$12,500	$25,000	$50,000
$8.00	$0.1333	$1,333	$3,333	$6,667	$16,667	$33,333	$66,667
$12.00	$0.2000	$2,000	$5,000	$10,000	$25,000	$50,000	$100,000

Rely on ATRx ProxTime and Attendance Rx to increase productivity, reduce errors, and save you time and money.

SINGLE VERSION

The Acroprint Attendance Rx enables employees to "punch in and out" at one specified PC. No terminals, badges, or time cards are needed. Ideally suited for businesses that want to automate their time and attendance processes. Attendance Rx reports regular hours, two levels of overtime, vacation, sick/personal hours, holidays and other categories. Supervisors can approve time cards at PC, and print Time Card Reports, Hour Summary, FMLA, Who's In Report as well as other reports. User/Password protected. Operates on Windows® operating systems.

Both Single and Network versions of Software are limited to 50 employees, with the option to upgrade to 100.

NETWORK VERSION

This time and attendance system offers the same features as the Attendance Rx and is ideal for an office setting for up to 50 employees. Attendance Rx Network allows employees to "punch in and out" at their own PC.
